

COMMUNITY DIRECTOR UPDATE AUGUST 1, 2025

COMMUNITY NEWS

Summer is winding down, and it's almost time to welcome a new school year! Monday, August 11, marks the first day back for students in our community. Whether you're packing lunches, organizing carpools, or just enjoying those last few pool days, we wish all families a smooth and successful start.

Let's support our students and educators as they head into a fresh year of learning and growth. Here's to a great school year!

COMMUNITY UPDATES

Laughlin Family Housing proudly sponsored the XL Games 5K Run on July 3rd. The event took place on the flightline and brought together runners, walkers, families, and supporters for a fun and spirited start to the holiday weekend.

Even in the rain, the energy was high, and the turnout was fantastic. We had a great time!

MAINTENANCE TIPS

Grilling Safety Tips for Summer Barbecues:

Whether you're a seasoned grill master or just getting started, these essential tips will help keep your cookouts safe, fun, and flame-free!

- **Grill Outdoors and Away from Structures:** To prevent fire hazards, always grill outside, away from buildings, balconies, and overhanging branches.
- **Stabilize Your Grill:** Set up flat to prevent tipping. Use a grill mat to protect your deck.
- **Keep It Clean:** Regularly remove grease buildup from the grill and tray. Cool charcoal completely before disposing of it in a metal container.
- **Check for Propane Leaks:** Before your first barbecue, test the gas hose with soapy water. Bubbles indicate a leak. Watch for gas smells or issues with lighting the flame.
- **Re-light Safely:** If the flame goes out, turn off the gas and wait a few minutes before re-lighting.
- **Stay Vigilant:** Never leave a lit grill unattended. Keep kids and pets away, and remember grills stay hot for at least an hour after use.
- **Use Starter Fluid Properly:** Use starter fluid only on unlit charcoal grills; never add it to a lit fire.
- **Dress Smart:** Wear sturdy shoes and avoid loose clothing to prevent fire hazards and protect against hot grease or coals.
- **Be Fire-Ready:** Always keep baking soda and a fire extinguisher nearby for grease fires. Never use water on a grease fire.
