LAUGHLIN INSIGHTS NEWS & STORIES

Spring is in the Air

Our President's Message

April is the Month of the Military Child and during this month especially, Hunt Military Communities celebrates the youngest members of our communities. The smallest warriors, the children, often make some of the most significant sacrifices moving from state to state, school to school, and

having parents deployed for long periods, along with many other challenges military families face. We are proud to acknowledge and support the tremendous strength and resiliency children of our military families display. This year, for the first time, we are launching "Hunt Little Heroes." We ask that your children share stories of what they think it takes to be a hero and how they've been a positive influence in their community. Applicants are asked to submit a 300-word essay, a video no longer than 2 minutes, or a drawing telling their "Hero Story" in their own unique way. For the "younger" heroes, a photo with a short blurb may also be submitted. All applicants will receive a complimentary Hunt Little Heroes cape and mask. Each selected Hunt Little Hero will act as "Hero for the day" at a special celebratory event at their local Hunt community in honor of Month of the Military Child. Applicants can visit <https://www.huntmilitarycommunities.com/our-communities> to see whether they qualify and to submit their story. From all of us here at HMC, thank you for your service and sacrifice.

Best,

John Ehle
President

Ideas for COVID-19 Friendly Fun

Virtually visit San Antonio's Doseum, its website has a full page dedicated to encouraging kids to explore and learn at home. Find DIY activities, art projects, family fitness and even a science-based Q&A meant to help children understand coronavirus.

Have a virtual get together with friends. Use video chatting apps like Skype, Zoom, Duo, or Facetime to spend some face to face time.

Routine and Pre-Maintenance Suspension extended

Out of an abundance of caution, state and federal laws, and CDC recommendations, we will be extending our response to routine work orders and preventative maintenance requests from March 30, 2020 until at least Thursday April 30, 2020. We will continue to keep you informed as the situation develops. If there is an urgent or emergency request, we will be asking questions to identify any potential risk of exposure to COVID-19 to ensure the most appropriate response.
